

# Oracle Java SE Subscriptions; Protect Your Investment in Java SE

Minimize Risk, Reduce Effort, Maximize Reliability of  
your Java deployments

## **Safe Harbor Statement**

The following is intended to outline our general product direction. It is intended for information purposes only, and may not be incorporated into any contract. It is not a commitment to deliver any material, code, or functionality, and should not be relied upon in making purchasing decisions. The development, release, and timing of any features or functionality described for Oracle's products remains at the sole discretion of Oracle. Not all technologies identified are available for all cloud services.

## **Disclaimer**

The information in this document may not be construed or used as legal advice about the content, interpretation or application of any law, regulation or regulatory guideline. Customers and prospective customers must seek their own legal counsel to understand the applicability of any law or regulation on their processing of personal data, including through the use of any vendor's products or services.

# JAVA is everywhere

---

There are 38 billion active Java Virtual Machines.

12 Million Developers Run Java.

Java is the #1 Development Platform

Oracle is the main contributor and steward of Java SE.

The “Java Community Process” decided to alter the Java SE Release Cadence to remain the #1 Development Platform position for the next 20 years

# Java Releases

Last Update April 2018

Dec 2018	Jul 2022	Mar 2025	Not available	Not available	TBC	Extended Support Until
Dec 2015	Jul 2019	Mar 2022	Mar 2018	Sep 2018	TBC	Premier Support Until

**Commercial Releases of Java**

**Public Releases of Java**

*Red Arrow indicates total number of security vulnerabilities fixed in latest commercial versions of Java since that major versions End of Public Update.*

*Blue Arrow indicates total number of security vulnerabilities fixed in the public release since GA.*

Security & Defect patching publically available until this date

Feb 2013	Apr 2015	Jan 2019	Mar 2018	Sep 2018	Mar 2019	EoPU Date
6u45	7u80	8u172	9.0.4 Non-LTS	10.0.1 Non-LTS	11 LTS	Latest Publically Available Version
Dec 2006	Jul 2011	Mar 2014	Sep 2017	Mar 2018	Sep 2018	GA Release Date of Major Version

All information contained in this document was generated from the following public facing documentation which are living documents and are subject to change, please refer to the following documents for any updates:

- Oracle Lifetime Support Policies - <http://www.oracle.com/us/support/library/lifetime-support-middleware-069163.pdf>
- Oracle Critical Patch Updates - <http://www.oracle.com/technetwork/topics/security/alerts-086861.html>
- Java SE Deployment Technologies operate on a shorter support timeframe and can be referenced on my oracle support, DOC ID # 1640397.1

# New Java Release Timeline\*

\* Dates and version numbers subject to change

LTS = Long term support release

# Privacy & Security Regulations Worldwide

# Security Strategy

- Java is one of the pieces of the "Security" puzzle
- If the Java environment is not secure, your security problem has not been solved holistically
- If the focus is Java only and nothing else, then you still have a security problem

# Java SE Subscription covers all active Java versions:

\*please see slide of Java releases for active Java versions

# Java SE Desktop Subscription

<b>Java SE Desktop Subscription Pricing</b>		
<b>Volume</b>	<b>Subscription Metric</b>	<b>Monthly Subscription Price</b>
1-999	Named User Plus	\$2.50
1,000-2,999	Named User Plus	\$2.00
3,000-9,999	Named User Plus	\$1.75
10,000-19,999	Named User Plus	\$1.50
20,000-49,999	Named User Plus	\$1.25
50,000+	Contact for details	

# Java SE Server Subscription

Java SE Subscription Pricing		
Volume	Subscription Metric	Monthly Subscription Price
1-99	Processor	\$25.00
100-249	Processor	\$23.75
250-499	Processor	\$22.50
500-999	Processor	\$20.00
1,000-2,999	Processor	\$17.50
3,000-9,999	Processor	\$15.00
10,000-19,999	Processor	\$12.50
20,000+	Contact for details	

# Benefits for Java SE Subscriptions

- Security and critical updates for all Java environments
- Quick turnaround for critical issues with access to intermediate patches
- Efficient management, control and deployments of all Java versions installed on desktops and servers
- Reduced development and operational costs due to less migration and testing
